

# ForenSys®

## Dictation devices / Pricelist 2023

In partnership with Philips, ForenSys® now offers a fully-fledged, business-related module in which your dictations are stored. These can be saved, modified and easily found in ForenSys®.

The Philips module is invoiced by EyeTeK directly, per user, at the price of CHF 6.- excl. VAT per month, or **CHF 72.- excl. VAT** per year.

Regarding hardware, the entire range of digital products is compatible with the ForenSys module. Thus, if you already have Philips digital equipment, there is no need to acquire new ones. Otherwise, we offer you the following devices at a special price as a "ForenSys" customer:
